

The Clever Crow

Once upon a time, in a scorching summer, a thirsty crow was flying in search of water.

After a long search, he saw a pot with very little water at the bottom.

He tried to drink from it, but his beak could not reach the water.

He looked around and saw some pebbles nearby. One by one, he picked them up and dropped them into the pot.

The water level slowly rose. Finally, it was high enough for the crow to drink.

He quenched his thirst and flew away happily.
